## Large Screen Flat-Panel Display for Honeywell Universal Stations

*A high-quality, large screen display for your Universal Stations*

---

### A high-quality large screen display

This 40" large screen LCD flat-panel display is configured to work with EPDG and EPDG2 video from Honeywell Universal Stations. For applications where several operators monitor information from the same screen, this display is ideal. It can be wall-mounted or placed in a central location to provide information to everyone in the control room.

### User-friendly, efficient design

The FP-3040 is designed for easy installation. It comes with a stand for table mounting, or can be wall-mounted. For wall mounting, the display meets currently proposed VESA mounting standards for large screen displays. Wall mounting hardware is not included.

### Intelligent power management

This display is designed with energy-efficient technologies in mind. The FP-3040 uses a high-efficiency backlight to reduce power consumption and heat. The enclosure is designed with two thermally-controlled fans to regulate enclosure temperature. If fan circulation does not keep the temperature at the desired level, the backlights are dimmed to keep the temperature within range. If the operating temperature is not controlled with these measures, the display is automatically shut down.

### Low maintenance

The solid-state design of the flat-panel TFT LCD display provides inherent reliability, low power consumption, and low maintenance. Setup adjustments are accomplished using an infrared remote control to adjust the on-screen menu.

### Specifications

**Viewable Area:** 40" diagonal (886.5 mm x 497.8 mm)

**Viewing Angle:** 178° horizontal, 178° vertical

**Power Consumption:** 240 watts, 100VAC/240VAC

**Display modes supported:** VGA 640x400 through 19200x1080, includes EPDG and EPDG2 scan frequency. D-Sub 15, R,G,B,H,V (BNC)

**Brightness:** 700 cd/m<sup>2</sup>

**Operating Environment:** Temperature 5-40°C, Relative Humidity < 20-80%

**Weight:** 31.1 kg, 68.6 lb
